

JANUARY 2007 FINAL EXAMINATION SCHEDULE

Schedule Updated January 14, 2006

No instructor has the authority to approve alternate times, dates, locations, aids, or accommodations for an exam scheduled by the FAS Exams Office. Such requests must be approved by the appropriate office as listed below:

- the Accessible Education Office for requests for additional writing time or alternate exam environments
- the Exams Office for conflicts between scheduled exams or conflicts with religious obligations
- the Administrative Board of the College (for undergraduate students) or the Deputy Registrar (all graduate students, Special Students, and cross-registered students) for all other requests

If you require an *In Absentia Exam Application* (due 30 days before the scheduled examination), an *Exam Application for Study Abroad Students* (due two weeks prior to the last day of classes), or a *Religious Out of Sequence Request Form* (due by the last day of classes, December 19) please visit the FAS Registrar's website at www.registrar.fas.harvard.edu and click on either the Undergraduate or Graduate tabs, and select "Exams" from the menu on the left.

Students who have two FAS exams scheduled at the same time according to the schedule below will be contacted by the Exams Office by the last day of classes (December 19). The Exams Office will resolve the conflict by rescheduling one of the two exams. Exams are typically rescheduled to a time within 24 before or after the originally scheduled time. Anyone who believes they have a conflict with an exam that is not on the FAS schedule should contact the Exams Office immediately.

Students requesting special accommodations for exams due to a documented medical condition must be registered with the Accessible Education Office. Please refer to their website at <http://aeo.fas.harvard.edu>.

Changes to the original schedule are marked in bold.
